LILLIAN AUGUST

for HICKORY WHITE

For nearly two decades, Sherrill Furniture Company has partnered with Lillian August to bring a vision of timeless design, exceptional craftsmanship, and enduring artistry. Lillian's signature approach blends classic silhouettes with timeless style, layering texture, materiality, and a sense of storytelling to create interiors that are both curated and livable. As she notes, "The best of archival design guides us, while fabric, color, and comfort bring each piece to life."

Today, this vision is carried forward across three generations. Lillian continues to guide the creative direction of the brand; Dan Weiss leads furniture product development, overseeing both upholstery and case goods; and Eliza Weiss advances the brand through new product initiatives and strategic brand expansion. This collection presents a comprehensive range of upholstery and case goods, thoughtfully designed and meticulously crafted to reflect the brand's legacy of timeless style.

American Quality & Craftsmanship Since 1887 HW

With skill & care, we blend traditional American hand craftsmanship with modern manufacturing methods. The result is unparalleled custom-made upholstery to fit almost any need & made right here in Hickory, North Carolina USA.

for HICKORY WHITE

CUSTOM LENGTH UPHOLSTERY

Lillian August is pleased to offer a selection of styles that are now available in custom lengths. Each style is available from the standard chair size up to a 115 inch length, by-the-inch. This offering will also include the sectional components of the Smithfield frame style, Custom #02.

Each frame style has been carefully engineered for comfort as well as structural integrity. It is for this reason that the length is the only dimension that can be effectively customized. The current depth of the frame and its corresponding height dimension are therefore not modifiable.

Up to 115 Inches

Select the frame that best suits your personal sense of style.
Find the current frame length that is closest to the length you need.

Example: Smithfield LA9102S Sofa has a standard length of 95".

It is shown in the custom section, in fabric, as the #A02S95 (95"W)
If you wanted the Smithfield Sofa in Custom Length of 115 the style # would change to A02S115 (115"W)

A=Fabric | L=Leather | 02=Smithfield Series | S=Sofa
115=Custom Length of 115"

The following best-selling styles are available in custom lengths:

Custom #02	LA9102/LL9102 Smithfield
Custom #08	LA7108/LL7108 Albert
Custom #22	LA5122/LL5122 Armand
Custom #25	LA5125

Note: Smithfield LA9102S Sofa is Standard with Nails #1-OB On Arms & Back, #2-OB Spaced on Base (Not Shown)

Use the New Custom Frame number as shown in the Custom Length section of this catalog and add the desired length to the number.

Overview: Finishes vary in material requirements, application time & degree of difficulty. The complexity of the finish determines the designated category. Each item has a predetermined level of distressing. The wood species used to construct an item & the level of distressing shall remain constant, regardless of the finish selected.
Note: Due to the inherent difficulties of working within confined spaces of cabinet interiors, an interior finish will include all finishing steps except secondary detailing such as spatter, cow-tailing, hand-padding & texturing.

Within this Finish selection there are three levels of finishes varying in application time & difficulty. The complexity
of the finish is reflected in the terms Standard, Premium, & Artisan.

Combination Finishes: Many items may be ordered in a two-tone combination finish. The suffix code for combination finishes is -00 followed by the desired finish codes & names along with the areas of application & a sketch if needed.

Color Match Program (available only on casegoods): Add your favorite paint color to our furniture with Color Match. With thousands of colors to choose from, it has never been easier to incorporate your unique style.

The suffix code for a Color Match item is –CM. Color Match items are priced at the Premium level. To Color Match an item, simply provide us with the Paint Company, Paint Name & Number, & attach a finish chip to your purchase order.

Striping

Many items lend themselves to hand-striping applications which can enhance the design & customize the piece to one's individual taste. Striping patterns are predetermined by the factory. Special striping pattern requests may be submitted for approval & may require a sketch & additional charges if deemed necessary.
